

Application No. 10/602,579  
Docket No.2003U014.US  
Reply to Office Action Dated March 02, 2005

Remarks

**Section 112 Rejections, first paragraph**

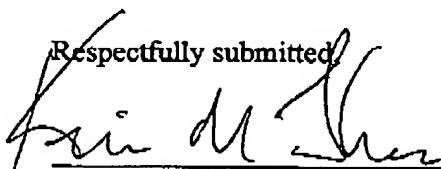

Claims 1 through 21 stand rejected under 35 U.S.C. § 112, first paragraph as failing to comply with the written description requirement. The Applicant maintains the traversal of this rejection as stated in the Response dated April 15, 2005.

Nonetheless, in order to expedite the allowance of subject matter in the present case, Claims 1, 13 and 17 are amended to delete "Group 15-containing compounds, phenoxide transition metal compositions, Group 5 or 6 metal imido complexes, bridged bis(aryl amido) Group 4 compounds, derivatives thereof, and combinations thereof", thus, the only remaining group of polymerization catalysts referred to in the claims are those that are exemplified by the Applicant: metallocenes.

The Applicant thus requests that this rejection be withdrawn.

It is noted that in the Advisory Action, the claim amendments there were entered, Terminal Disclaimer(s) were entered, and all other rejections had been overcome. It is submitted that the case is in condition for allowance.
